A PLACE THAT TAKES YOU INTO THE FUTURE

Zaha Hadid's Bridge, home of the Mobility Museum, is a unique building in Europe designed by the acclaimed British-Iraqi architect. It is an innovative, state-of-the-art international showcase for the sustainable mobility of the future, a venue where you can see what the cities of the future and the way people get around them will be like.

INNOVATION AREA

The public access and walk-through area displays the progress and potential of Mobility City's partner companies in an exhibition of innovative ideas which point to the next steps in mobility.

EXPERIENCE AREA

This place hosts virtual and augmented reality, driving simulators and interactive apps designed to share environmental responsibility and awareness messages.

TEMPORARY EXHIBITION

An area set aside for temporary exhibitions which address the sustainable mobility of the future.

MULTIPURPOSE AREA

A venue for holding all kinds of professional and community events including workshops, talks, awards and presentations.
