

SECCIÓN A - PLANTA MARCO

The drawing illustrates the construction of a rectangular frame or enclosure. Key features include:

- Top View Dimensions:** Overall width is 504 mm and overall height is 319 mm. Internal width is 387 mm and internal height is 425 mm.
- Side Elevation Details:** Shows a profile with a total height of 60 mm. It includes a base layer of 10 mm, a main body of 48 mm, and a top flange of 12 mm. A corner radius of R8 is specified at the bottom left.
- Mounting and Assembly:** Four Ø18 holes are located along the top edge. Plastic caps (TAPONES DE PLÁSTICO) are used to secure the assembly. Various offset dimensions (135, 50, 10, 29.5, 27, 19, 10, 15, 20, 73, 45) define the precise placement of components.
- Section Line A-A:** Indicated by a dashed line with triangles at both ends, passing through the center of the assembly.

[illegible]

Technical drawing of a mechanical part. The part consists of a rectangular top section and a tapered bottom section. The top section has a width of 20 and a height of 0.6. The bottom section has a width of 12 at the top and tapers to a rounded bottom with a radius of R7. The total height of the part is 47.4. The drawing is labeled E=1:2.
